40" Heavy Duty Moss Rake Attachment - SCHHGM

£179.10 VAT included

Reference: SCHHGM

To use this system you must have the 40" HEAVY DUTY CARRIER FRAME available by clicking "Accessories" above. The carrier frame fitted with the heavy duty moss rake attachment containing one row of spring tines will tease out moss and dead thatch from lawns. The lighter rake is an ideal unit on finer grassed areas such as tennis courts and finely cut lawns. The rake can also be used for freshening up gravel drives. Working width: 1020mm (40"")
